

Message from Anti ragging committee

Fresher students are not supposed to follow dictates from senior students like:

1. Any specific hair cut or hair style.
2. Any specific dress code.
3. Coming to an area choose by seniors.

They should feel protected, college have taken enough measures to prevent ragging.

They should try to remain in their rooms after classes.

Do not leave your rooms on insistence of your seniors.

Report any activity, which hurts you physically, emotionally.
